[PPM Proposal Sub PDs.pdf](#)

Becky,

In accordance with Section VIII(10) of the Administrative Settlement Agreement and Order of Consent (AOC) for Removal Action Implementation at the Site issued by U.S. Environmental Protection Agency (EPA) Region 10 on November 5, 2012 under EPA Docket No. CERCLA-10-2013-0032, Earle M. Jorgensen Company (EMJ) is providing EPA with the required qualification information on the contractor and subcontractors that have been selected for the Jorgensen Forge Removal Action.

Following a competitive best-value procurement process EMJ has selected Pacific Pile and Marine (PPM) as the contractor. PPM is supported by Water Techtonics, Inc. and TerraSond, Ltd. As subcontractors providing water treatment and hydrographic survey services, respectively. PPM was selected following a detailed review of their cost proposal, qualifications, and approach to the work.

Attached are pages excerpted from the PPM proposal for the Jorgensen Forge Removal Action that describe the qualifications of PPM and their subcontractors.

Please let me know if you have any questions or wish to discuss.

Thanks,
Amy
